RE: Herndon Recycling Receptacle Project

Dear Business Partner:

I am writing on behalf of the Town of Herndon and the Dulles Regional Chamber of Commerce Environmental Committee. We are combining efforts towards a community enhancement project, which will add new recycling receptacles in Herndon's downtown area and possibly elsewhere in town.

This partnership would not be possible without your help as we are seeking sponsors for the receptacles.

This is an opportunity to give back to your community where you do business, have long lasting marketing efforts and be featured in local publications like the Patch and Fairfax Times in addition to the Town's website when the Town of Herndon debuts these receptacles.

The sponsorship opportunity is $1,100 and includes the receptacle and a plaque showcasing your company as the sponsor. This is a one-time cost as the Town of Herndon will maintain the receptacle and plaque going forward. This is a small cost to show your community support and support for the environmental benefits of recycling. Attached are the specifications of the recycling receptacle. These receptacles would be placed along streets and in other public spaces.

If you have any questions please do not hesitate to contact Silvia Lucero at 703.435.0044 ext. 7202 or Bryce A. Perry 703.787.7380. Thank you for your consideration.

Sincerely,

Silvia Lucero
Co-Chair Environmental Committee
Dulles Regional Chamber of Commerce

Bryce A. Perry
Planner
