Lunch and Learn - Free Event!

Whether it's brainstorming a business model or gathering the initial market research and budgets, or creating a logo, website, or promotional materials, starting a new business takes great deal of time, energy, and effort.

What if most of these things are already prepared for you, and the only remaining contribution is...YOU?

Instead of trying to come up with an invention, you can leverage your passion by becoming an investor and owner of something that resonates with you. With over 4,000 Small Business Franchises, it is more than just French fries.

Join the Mason SBDC and the Town of Herndon to learn about Small Business Franchising Options from Heather Rosen, a franchise consultant and the President of FranNet of Virginia.

This session is ideal for those transitioning into becoming a business owner such as freelancers, students, retirees, or current employees

This one-hour workshop will conclude with networking. Lunch will be provided.
